May 8-11, 2006

Pheasant Run Resort and Spa
St. Charles, IL

Welcome to the 79th Annual Meeting of the Central States Water Environment Association, this year being held at the newly renovated Pheasant Run Resort, in St. Charles, Illinois. Over \$27 million dollars in renovations to this popular venue has resulted in a magnificent facility that will allow all of our functions, including the equipment exhibition, committee meetings and technical sessions to be held within close proximity, allowing for maximum convenience and member interaction. The Technical Program Committee has assembled an outstanding program that will appeal to all of our members, whether you're a facility operator, engineer, equipment supplier or manager. There is plenty of room for our many exhibitors in the beautiful Exposition Center with ample time set aside to meet old friends and see the latest technology on display. The Pheasant Run Resort provides many amenities catering to kids of all ages which will make the 79th Annual Meeting one you will remember for many years. We'll see you at Pheasant Run!
