

# \$500 SCHOLARSHIP

As the publisher of Central States Water magazine, we at Craig Kelman & Associates have a deep appreciation for our readers and members of CSWEA whose task it is to ensure that water taken from and put back into our precious mother earth is clean and safe for the people, animals and plants whose very existence depends upon it.

To demonstrate our admiration and respect for the association, its members and the water industry as a whole, we have established a yearly educational scholarship of \$500 to be funded through a percentage of advertising sales generated in Central States Water.

On behalf of the publishing professionals who form part of our team, as well as our advertisers who use the pages of Central States Water to convey their important messages, we look forward to helping a worthy individual further their education in the water industry.

The scholarship will be awarded to a student whose project or paper published in Central States Water in the previous year is judged as the best published paper by the Executive Committee. Students from high school through grad school are eligible.

Please visit [www.cswea.org](http://www.cswea.org) for further information.
